

Why Does Everyone Keep Talking About RaiseRight? What is it?

(RaiseRight formerly ShopWithScrip)

- A fundraiser for your child and AMP
- Buying gift cards to places you go anyway and getting credit for your child's account without buying something you do not need or want.
- Easy to sign up online from your computer or use the App
- More than 100 different gift card options
(Home Depot, Marianos and more)

EXAMPLE:

Buy Jewel Gift Cards for your grocery shopping totaling \$500.00

You earn back \$25.00 and 75% of that goes to your child, which is \$18.75 and the rest pays for the RaiseRight program and then anything left goes to AMP. The \$18.75 gets deposited in your child's AMP account and you can check their account anytime. You now have your cards to pay for your purchases and you paid the same amount you would have anyway but your child got cash back! You will have a list of vendors and the percentage they give back.

If you do this for your monthly groceries, Starbucks, birthday gifts or even home improvements at Home Depot etc. the money adds up so quickly. The money can be used for the yearly trips, private lessons and camps for all the music departments.

WHAT DO I DO IF I WANT TO TRY IT?

Email Shana Faris to learn all the details. It is quick and easy!
